About Kaniskaa Rubber Industries

Kaniskaa Rubber Industries is India's leading rubber band manufacturer, producing fluorescent rubber bands to the highest quality standards since 2008. Based in Coimbatore, Tamil Nadu — India's rubber industry hub — we supply 120+ distributors, wholesalers and direct industries across all 28 Indian states.

We pioneered fluorescent rubber band manufacturing in India and today export to USA, UK, Middle East, Southeast Asia and Australia. A women-led, family-owned business with 80% women staff. RuBands is our registered brand.

2017

First export to USA

2019

120+ distributors 25 states

Why Choose RuBands?

700% Elongation

Stretches 7x its size — far above industry standard. Returns to original size every time.

100% Resilience

Returns to exact original shape after every use. Most rubber bands cannot do this.

3+ Year Shelf Life

Anti-oxidation formulation. Store between 10C-40C in shade for maximum longevity.

Fluorescent Colors

Vibrant translucent Red, Green and Yellow. India's leading fluorescent band manufacturer.

Bio Degradable

Made from pure natural latex — 100% biodegradable. No anti-dumping duties on export.

No Harmful Chemicals

Safe for all uses including food packaging and general industry handling nationwide.

Available in 6 Sizes · 3 Fluorescent Colors

<p>1/2 inch 12.7 mm flat width Smallest Most Compact</p> 	<p>1 inch 25.4 mm flat width Most Popular Standard Use</p> 	<p>1.5 inch 38.1 mm flat width Mid Size Versatile</p>
